Have Rail Workers Right to Strike at All, Question Newly Developed.

By DAVID LAWRENCE.

Copyright, 1922, by The Janesville Gazette.

Washington.—The so-called acceptance by the railroad executives of President Harding's proposal that strikers be released while seniority rights are left to the United States Railroad Labor board has been discovered to be no substantial acceptance after all.

Although the White House was unimpressed at first that the making of a majority and minority report by the rail executives was of no particular importance on the theory that the action of the majority would be bound by the action of the other roads.

Why Unions Refused.

This discouragement has cast a damp on what might otherwise have produced an unequalled measure of support for the rail executives. The large number of strikers who work for the majority of the roads would not be reinstated. This is the main reason for the flat refusal given by the strikers to the president's proposal.

The intervention by the brotherhood chiefs has brought the situation to a climax. Most everywhere in Washington is fearful of a general tie-up of transportation if the labor men are goaded too far. Just as the work for the majority of the roads had begun on quite another basis, namely, a refusal to accept a wage decision, so is the seniority problem developing some academic arguments rather than making the brotherhood leaders apprehensive of their own rights.

See Fundamental Issue.

Indeed while the trainmen, engineers and conductors are not directly involved in the controversy, their spokesmen have discovered that a fundamental issue has arisen and (Continued on page 3)

## Cabinet in State Government, Plea of Karl Mathie

Madison.—A plan for reorganizing the Wisconsin state government was presented by Karl Mathie, candidate for the democratic gubernatorial nomination, in a campaign talk here Tuesday night.

He proposed the number of boards and committees be reduced into 12 district departments, each department head appointed by the governor, and directly responsible to him. These 12 men, he said, should constitute an unofficial cabinet, such as the cabinet of the national government, to carry on the state affairs.

By cabinet conference, the broad outlines of the government's policy could be formulated and put into effect, Mr. Mathie said. Overlapping committees making the same thing that are related could be brought together and cooperation substituted for the present irresponsible and often hostile attitude of the multitude of new branches of the present state government.

## Moonshine Fatal; Trio Held in Jail

Humboldt.—Moonshine exacted its first toll of life in Sauk county Tuesday and, as a result of a hilarious "party," three youths are in jail here.

Robert Schumacher, 23, restaurant proprietor at the village of Plain, 20 miles west of Baraboo, is dead, and his three companions, Herman Hutter, Albert Luther and Herbert Schumacher, all of Plain, are in Sauk County jail.

Schumacher is said to have provided the moonshine for the party.

## VETERAN PASTOR DEAD

Stevens Point.—The Rev. Anton Heid, 73, retired pastor of the German Methodist church here for 14 years, died Tuesday. He held pastorates at Wausau, Wittenberg, West Bend, Brillion, Burlington and Sun Prairie.

## Secretary Hoover to Ask War Distribution Coal Plan in Crisis

Washington, D. C.—Restoration of the war time fuel administration with its broad powers to fix prices on coal and control distribution is essential to control price and distribution in the present situation, said Secretary Hoover, who is in charge of the coal problem. He intends to ask congress for such legislation which already appears necessary because his voluntary plan to maintain fuel prices has collapsed.

It appears that mining of coal will be resumed in the next week, the next and most important question confronting the federal government, Mr. Hoover said, was the proper distribution of coal so as to prevent it being transported to points where the highest prices were offered.

This regulation, in his opinion, will be necessary for the next six months to control prices and an equal distribution of coal.

The federal coal distribution committee, created recently by Secretary Hoover, is now expected to be able to continue effective work when coal production is renewed and there is a nation wide demand for coal at whatever prices. This committee is now dealing with voluntary forces and without any power of law.

Reports coming to Federal Fuel Distributor Spencer show that the fair price plan is falling down in many instances and that the transportation of coal is under way. The result is that the price of coal in several places is already prohibitive.

He said the competitive bidding was especially strong between railroads and public utilities. Complaint has come to Mr. Spencer that the railroads have been keeping too many cars for their own use in the transportation of coal. In order to overcome this to some degree, he asked the interstate commerce commission to suspend the order allowing railroads to assign coal cars to themselves. This order was issued late Tuesday night.

Now that the coal strike appears to be on the threshold of complete settlement, members of congress, said Secretary Hoover's suggestion of legislation to control prices and distribution should be acted upon at the earliest possible moment.

Chicago.—The Illinois Chamber of Commerce began a campaign for funds for use in prosecution of persons responsible for the Herrin massacre.

The local police received word that the roadster was enroute to La Crosse. A motorcycle policeman pursued the car, which tore at breakneck speed through the city and out into Elber, Johnson, a mile east, where the men left the machine and disappeared into the woods.

No trace of the bandits has been found since.

## COOPER RETURNS TO CONGRESS SESSION

Madison.—Congressman Cooper has gone to Washington to be present at the opening of the session of the House of Representatives. He received word which makes it necessary for him and other congressmen to be present in view of the extraordinary conditions brought about by the railroad and coal miners' strikes.

## ROCKFORD CRIMINAL ESCAPES FROM PRISON

Rockford.—Twenty square inches of the skin of her mother, Mrs. Edward J. Johnson, may save the life of 15-year-old Linnea Johnson, badly burned July 4.

## NIGHT GUARD AT ST. PAUL SHOPS BEATEN BY 2 MEN

SCHIEFEAUER ATTACKED WHILE ESCORTING STRIKE-BREAKER.

## 20 WATCH FRACAS

Reports of Injuries Conflict—Deny Guard Flashed Revolver.

Surrounded by a crowd of 20 while conducting a non-union worker to his home, Max Schiefeauer, a guard at the Chicago Milwaukee & St. Paul shops here, was set upon by two men and beaten at Chatham and Pleasant streets, Tuesday night. Reports as to the extent of his injuries conflict. The report of Special Agent Edward Lutze of the railway is to the effect that Schiefeauer had already taken one man to his home from the depot, and was escorting the other when the crowd attacked. The strikebreaker fled. The crowd whistled on Schiefeauer. Lutze says, two of them beating him almost into insensibility. He was given medical attention, Wednesday morning. The strikebreakers were working as carmen.

The affair has been reported to United States agents at Madison, says Mr. Lutze.

Denies He Flashed Gun.

A story that Schiefeauer "drew a gun" was flatly denied by Agent Lutze. "There is absolutely no truth in it," he said. "He had a gun on him but it was not loaded. The shells were in another pocket. The man took the gun from him and gave it to the police when they came."

The police report is that the guard was conducting two strikebreakers home after they had been stopped by two men who beat the guard and abused him for protecting strikebreakers.

Police say the guard was not badly hurt. He was held at the police station over night.

It is said the crowd consisted largely of women and children, who merely watched the proceedings.

An investigation was expected to be started by the strike organization here in their daily meeting, Wednesday.

## Don Hall Denies He's Slughtered in Auto Accident

Madison.—Don C. Hall, Milwaukee, candidate for congress in the fourth Wisconsin district, Wednesday told Elmer S. Hall, secretary of state, that he could reply, as Mark Twain once did: "The report of my death is much exaggerated," when informed that he was under way to lose his name off the primary election ballot.

Word was brought to the secretary of state Monday that Mr. Hall had been killed in an automobile accident near Rhineland.

Request was made of the Milwaukee county clerk that he certify the death and have the candidate's name taken from the ballot.

Investigation showed Mr. Hall very much alive at his home. "Apparently" mistake, in news, the secretary of state said.

## KIN OF FOUNDER OF GAZETTE DIES

Mrs. Fellows, Daughter of Levi Alden, Dies in Long Beach.

Word has been received from Long Beach, Calif., of the death, Tuesday night, of Mrs. Sarah Alden Fellows, wife of Fred H. Fellows, a former resident of Janesville.

Mrs. Fellows was a daughter of Levi C. Alden, who founded the Janesville Gazette in 1845. She was born in Janesville in 1853, and lived through her girlhood in this city. In 1876, she married Dr. Henry Sewall Hall of Washington, D. C., who died in 1906. Two years later, she was married to Fred H. Fellows, and they went to Long Beach, where they have since made their home.

Mrs. Fellows is survived by two children: John Alden Hall, of New York City, and John S. Powers, of Buffalo, N. Y. Two grandchildren, Roger Bonner Hall and John Alden Powers.

Two sisters, Mrs. F. C. Cook and Miss Nellie Alden, who are Janesville residents, and another sister, Mrs. George Jenkins, lives at Claremont, N. H.

Funeral arrangements have not been made.

## Governor Forbids Brennan Battle

Indianapolis.—Governor McGraw of Indiana, after announcing he had prepared a letter directing the sheriff of La Porte county to forbid the staging of the Dempsey-Brennan fight, said today he had decided to defer sending the letter. It is understood, however, that local officials will not prevent the match. The letter will go forward in case the officials in La Porte county fail to take action.

Dozen Dead When Orphanage Burns

Montreal.—Firemen searching the smoldering ruins of the Jewish Boys' orphanage at Shawbridge, Quebec, destroyed by fire late Tuesday night, placed the number of dead at 12.

Roll call was not answered by eight of the 55 young orphans who were inmates of the institution.

The orphanage, founded by the Rev. Eugene Leclerc, his wife and two children, imprisoned by flames in lower rooms, were burned to death.

## French Cabinet Backs Poincare

Rambouillet, France.—The French cabinet Wednesday unanimously approved the German reparations policy of Poincare, Poincare, and gratulated him on the stand he took at the London conference of allied premiers. This action was taken after M. Poincare had given an exposition of the unsuccessful negotiations in London.

## Elkhorn Clerk Is Honored at Meet

Madison.—In the closing session of the convention of circuit court clerks of the state here Wednesday afternoon, the following officers were elected:

Leonard Kleeborn, La Crosse, president, and Frank B. Moss, Baraboo, secretary-treasurer.

It was decided to hold the next convention in Baraboo.

## Lincoln, Douglas, GAVE ADDRESSES HERE IN LATE '50S

Freeport is arranging for a big celebration on the 64th anniversary, August 26, of the great Lincoln-Douglas debate. Senator Fox Harrison, of Mississippi, will speak for the democrats on that day and Karl C. Schuyler, of Colorado, for the republicans.

## COOPER RETURNS TO CONGRESS SESSION

Madison.—Congressman Cooper has gone to Washington to be present at the opening of the session of the House of Representatives. He received word which makes it necessary for him and other congressmen to be present in view of the extraordinary conditions brought about by the railroad and coal miners' strikes.

## WESTERN TRAINS ARE ON MOVE AS BROTHERHOODS ACT

UNIONS FAIL TO SANCTION TRAINMEN STRIKES IN SOUTHWEST.

## WATCH HARDING

President's Appeal to Congress Next Move; Pessimism Over Farleys Seen.

Chicago.—Transportation tie-ups in the far west, beyond the unruly Western states, are being watched by leaders as they head toward next negotiations for riding the railroad strike. Railroad executives here were pessimistic, however, over the success of union leaders in getting the non-striking unions, in whose hands the shop crafts placed their case.

Harding's Next Move.

The strike situation remained in the same critical stage, and President Harding's next expected move was to lay the crisis before congress.

Embarrassed were lifted and trains were moved again over the Atchison, Topeka and Santa Fe, Southern Pacific and Union Pacific. Refusal of brotherhood leaders to sanction the walkouts were followed by speedy untangling of traffic knots in California and other western states.

Outbreaks broke out between strikers and guards and workmen in the Missouri Pacific yards at Van Buren, Ark., six miles west of Fort Smith. Over 100 shots were fired.

Boys Beaten Up.

At Little Rock, Ark., George Walker, 18, and Frank Walker, 17, were seized by three men in the Missouri Pacific yards, taken into the country and flogged. George made his way back to the city, but Frank was still missing Wednesday. Neither youth was working on the railroad shops, but were making their way to their home in Chicago.

Practically all the engineers, trainmen, firemen and conductors of the C. N. & St. L. who walked out of Green Bay returned to work Wednesday. In accordance with their demands, all yard guards were taken from the yards and deputy sheriffs were put in their place. One auto load of guards was attacked and beaten.

## FOLLOW MURDER TRAIL IN CHICAGO

Detectives Work in City on Balzer Case; Bonds Gone from House.

Sauk County.—The search for clues that may lead to the arrest of the men who last week killed Julius and Mary Balzer, Sauk county farmers, continued Wednesday with the detectives working on the case in Chicago, investigating threads of information picked up while trailing what is supposed to be the murderer's automobile.

As the search for the slayers continued, William Blaser, third member of the family, who is lying in the hospital here with a fractured skull as a result of the attack, continued to talk during his moments of consciousness. He was improved Wednesday, although now not expected to recover.

Two dogs who ought to be "hung" attacked his brother and sister and himself, the men declared, unable, however, to give the names of their assailants.

William said there had been two bonds in the house, one of \$5,000, and another of \$2,500. He was led to several \$20 bills. These have not been found.

The trail of the automobile described by William Balzer as the one in which the slayers fled from Spring Green to Denzer and then to Albemarle. At that point, the detectives left Tuesday for Chicago.

## POSTPONE OSKOSH ROAD CELEBRATION

Madison.—At a meeting of the Greater Sheridan Road, Inc., held here Tuesday, it was resolved to defer the proposed celebration at Oskosh in connection with the completion of state trunk highway 15. Some confusion had arisen. The last of concrete on the state trunk highway has been poured and it will be open for heavy traffic within a month. Tourists can go from the Illinois line to Green Bay on solid concrete.

## 100 Janesville Elks to Invade Beloit, Saturday

A delegation of Janesville Elks, at least 100 strong, will go to Beloit Saturday, to participate in the parade which is to be one of the features of the closing day of the 20th annual convention of the Wisconsin Elks' association.

This was decided at a special lodge meeting Tuesday night. The Janesville lodge has 700 members and it was figured that at least 100 would attend the parade.

The men will meet at the Elks' hall at 1 p. m. Saturday and will march in the parade at 1:30. Janesville Elks have 11 official delegates and many more will attend on different days of the convention which opens Thursday night at Elks' hall in the park to which the public is invited. William F. Schad, Milwaukee, is the state president.

A new ruling this year on the picking of delegates, smaller towns have an equal chance with Milwaukee for state officers, according to O. C. Homberger.

## COAL SITUATION

With miners at scattered points in seven states ordered back to work, attention turned to the miners' operators' parley at Philadelphia, where it is hoped the anthracite strike will be settled, and to meetings Friday in Chicago between Illinois miners and operators.

Thousands of Illinois miners preparing to go back to work in better agreement will be made shortly.

Washington state operators refuse to meet miners, saying their men are running satisfactorily on open shop basis.

Troops ordered withdrawn from mines in Ohio. A few men in Ohio resumed work Wednesday, under the Cleveland agreement.

## MIDWEST SIZZLES IN TORRID WAVE

Little Relief During Week Forecast; Area of Heat Wide-spread.

Chicago.—No relief from the sizzling heat which Tuesday fell on the central and north central states was seen in other bureau forecasts Wednesday.

"The warm wave will continue throughout the midwest, without moderation, until the close of the week," says the bureau.

The thermometer in this city Tuesday registered 91 degrees, with the prediction that the mercury would hover around the 90 mark Wednesday. Bathing beaches were crowded with perspiring denizens seeking relief from Old Sol's trade.

Northwestern states, as well as central states, suffered. At Billings, Mont., the temperature reached 94 degrees, while Bismarck, N. D., sweltered under a temperature of 98 degrees. Davenport, Ia., and Duluth, Minn., each registered 92 degrees.

In Wisconsin, temperatures ranged from 86 degrees in Milwaukee to 92 degrees in Green Bay. The highest temperature in Madison was 90 degrees.

Upper Michigan towns also witnessed unpleasant temperatures. Marquette thermometer showed 92 degrees, and in Sault Ste. Marie the mercury climbed to 90.

## Janesville, 94 Degrees

With the quicksilver in the tube flirting with 94 degrees at 2 p. m., Janesville sweltered Wednesday.

The only person who was cool was the pilot of the airplane that passed over Janesville going home from the homecoming celebration at Edgerton.

The fourth day of the torrid spell over Janesville just beginning to "round the feathers" hard at dawn, wilted from the sizzling atmosphere of Tuesday. When the mercury rose to 92 degrees at 3 p. m. They awakened, but no one could find the recording instrument publishing a mark of 80 degrees at 8 a. m.

By 2 p. m. the reading was so high that it was safe to predict Wednesday would be the hottest day of the year.

## Senate Approves Free Zone Plan

Washington.—Free zones at American ports, wherein crude imported materials might be converted for export without payment of duties would be provided for in an amendment to the tariff bill approved Tuesday by the Senate.

Three other changes in the bill were made in rapid succession, Senator Kollerg, republican, Minnesota, finally winning his fight to place on the free list lots of fur, spruce cedar, or western hemlock, paving posts, railroad ties, and telephone, telegraph and electric light poles and pickets, pallings, hoops and staves of wood of all kinds.

## WISCONSIN LAKE PORTS RECEIVING COAL SHIPMENTS

ACTUAL FAMINE WARDEN OFF, COMMITTEE REPORTS.

## RELIEF GRADUAL

Will Take Months to Overcome Shortage and Replenish Docks, Is Assertion.

BULLETIN.

Madison.—Coal is moving to Wisconsin from the West and North. The secretary of the state fuel committee, was notified today by the national fuel administration. An initial shipment of 50,000 tons should be received this week, according to the information. The national administration said that it was doing everything possible to relieve the emergency that exists in Wisconsin. A shipment of 500,000 tons is expected next week, a large part of which will be available for Wisconsin.

Madison.—Settlement of the soft coal strike cannot bring immediate relief to Wisconsin fuel users, the state fuel committee advised Wednesday.

A message from the national fuel administration told the state body that it could not expect an increase of receipts on the Lake Michigan docks at once, because of the rail situation.

Coal available for priority distribution is beginning to be dumped at state ports, removing apprehension of actual famine, and the shutting down of necessary industries. P. H. Pressentin, secretary of the fuel committee, said that the fuel shortage will continue to be felt for months, however, until all docks have been replenished. In his opinion.

Can Check Fuel.

When coal reaches Wisconsin the task then will be to see that priority shipments are made as ordered by the fuel committee and that profiteering is prevented, members of the committee said. Under the state marketing laws, Wisconsin has an effective means of heading off large price increases through local action. The fuel committee only after coal has reached the state.

## Mix Orders; Trains Crash

Horne, Mo.—A fireman was killed and an engineer probably slain by a head-on collision between two St. Louis and San Francisco passenger trains here Wednesday morning. A number of passengers were shaken up, but none seriously injured. A couple of orders were the probable cause of the accident, it was said.

## Whittet Talks to Women in Elkhorn

Elkhorn.—Lawrence E. Whittet, Edgerton, candidate for congress in the First district, running against Henry Allen Cooper for the republican nomination, opened his campaign here Wednesday, addressing a conference of women of the district.

There should be some method of determining the right and wrong in controversies between capital and labor where the interests of the public are paramount, he said. It appears to me there is one of three solutions to these problems: a council of industrial relations; giving to commissions and boards now charged with administering the law, sufficient authority and power to enforce their decisions; or government ownership. He said he was not prepared to say which plan was the correct solution.

## Found Guilty of Hitting Collector

Earl Spaulding, Janesville, was found guilty of the Janesville and victory of Hal Reitenberg, in municipal court, Tuesday afternoon. Sentence was deferred by Judge H. L. Maxfield until 10 a. m. August 28.

The case of Frank G. Olsen, Janesville, and Vera Johnson, Rockford, scheduled for hearing Wednesday morning, was postponed until 10 a. m. September 12. They were arrested last week on a statutory charge after being found in a local hotel by police officers. J. G. McWilliams appeared for Otolen.

The case of George Cronin and Frank Quinn, charged with fighting, was held open by Judge H. L. Maxfield in municipal court Wednesday morning.

# HAVE 800 SIGNED ON NEW CONTRACT

Footville District Organized by Committee Tuesday.

Rock county has 800 signers for the new contract of the Chicago milk marketing company under the Sapiro contract, it was announced by County Chairman Bert Skinner during the meeting at the Footville Tuesday night. There were 17 signers at the Footville meeting and men appointed for the canvassing work.

The Shoopville district is to be organized during a meeting on Thursday night and the Milton district next Monday evening. This will leave but one district, Janesville, to be covered in the county-wide campaign for at least 1,000 signers.

Green county is being organized and in the New Glarus district, which had no previous organization came in with 130 signers. The Kiwanis club at Monroe reported to the new marketing company, after making an investigation.

Sign New Contract.

The contract provisions are explained at the meeting by R. E. Overton and Bert Skinner.

"We want enough signers in Rock county to assure that we have two men on the operations committee," declared Overton. "The farmers in the Chicago milk field milk belt have the mistaken idea that southern Wisconsin has no right to the Chicago market. They must sign, and we must sign to establish a uniform marketing price."

Nearly all the producers present at the Footville meeting signed the contract, and pledged support to the new pool.

Final Drive.

Plans for a "Victory Week" drive have been prepared by the new marketing committee of nine which is in charge of the campaign for signing up the new Chicago milk marketing contract. The six days from Monday, August 21, until Saturday, August 26, have been adopted as the time for staging the special drive.

During that week each man who has signed the contract will be asked to date at least one day among his neighbors for the purpose of signing up as many as possible.

Adopt Signer.

"Every Signer Get a Signer" is to be the slogan of the week, and it is expected that fully 2,000 contracts will be signed during the six days.

Before the beginning of the week, approximately 4,000 will be on the dotted line, judging from the pace of the past two weeks, so that if Victory Week plans worked out ideally, not less than 8,000 would be signed by Saturday night of the week, and probably 10,000 by the first of September.

"This is only guess work," declared one of the campaign officials, "but it illustrates what a powerful milk marketing organization the farmers can establish if each signer will do a little toward getting his neighbors to sign."

2,500 Now Signed.

About 2,500 contractors have been signed up to the middle of this week, according to reports from county committees and county advisors. This figure included about 800 from Rock, 300 from Dane and 100 or more from each of seven other counties in which special work has been started.

Several hundred came from counties where active solicitation has not started.

In these figures there is a certainty that the minimum 4,000 signatories will be secured, according to committee. Experience in every cooperative marketing campaign in which a time limit is adopted shows that signatories pyramid toward the end of time. The momentum is slow at the beginning, but as farmers become acquainted with the purposes of the movement and as they realize that success is in sight, things move faster.

Landslide Predicted.

A veritable landslide of signatures during the closing two weeks has been found to be the experience in every campaign for the "Sapiro-type" contract. In the southern cotton campaigns, it is said that more farmers sign in the last two weeks than in all the previous part of the drive.

The minimum number is now assured, it is believed, and the campaign has now become a question of how powerful the new marketing organization will be. If as many as 10,000 sign, the volume of business will be so great that the fight for better prices will be won before the organization begins to function.

The chief purpose of the Victory Week drive is to get as many as possible in addition to the minimum 4,000 and to get as large a proportion of the desired 10,000 as possible.

# HARVEST FESTIVAL TO BE GALA AFFAIR

Two Solid Days of Free Entertainment Planned for Next Month.

Janesville will be host to all Southern Wisconsin for two days next month.

Under the direction of the Chamber of Commerce, but with the active backing of every business and professional man of the city, a two-day Harvest Festival has been planned for September 22 and 23.

While details of the entertainment are not yet available, the general committee in charge, which consists of the steering committee of the Chamber plus a representative from each club and lodge of the city, has outlined two days of activity which promises to put Janesville back on the map as a town in which there is "something doing."

Opening with a mammoth parade on Friday afternoon, every minute until midnight Saturday will be used in entertaining the people who will come here as guests of the city. The Friday parade will consist largely of floats. There will be sections for the clubs and military societies, the retailers, the wholesalers and jobbers, the manufacturers, the schools clubs and lodges and individuals. In the evening the auto dealers plan a large parade of new cars.

Stock Parade Saturday.

On Saturday afternoon, under the direction of the Farm Bureau, the farmers of Rock county will stage the greatest agricultural parade ever seen in Southern Wisconsin. Prize winning live stock will be paraded with scrub grades. The development of agricultural tools of all kinds will be shown. One farmer has already promised a wagon load of apples to be thrown away along the route of the parade.

Each parade will start down town and work out to the fair grounds. There will be a grand review in front of the covered stand and then baseball games, horseshoe contests, races of all sorts and conditions and band concerts, going on at the same time in different parts of the fair grounds.

Night Programs.

In the evenings, the downtown streets will be cleared and turned over to the "crowd for fun." Three bands are expected here each day and several pavement dances are planned for each night. Arrangements have been started whereby there will be several outdoor moving picture shows. Clubs and lodges and arrangements for outdoor street entertainments the details of which will be announced at the proper times. Some of the churches will be open

evenings and will have moving pictures and other entertainments.

"Leave Pocketbooks Home."

All entertainment will be free. It is the plan of the committee to have so much entertainment that no one need have an idle moment in the two days' time. The slogan is "Leave Your Pocketbook at Home."

Financing of the Festival will not be limited to the retailers of Janesville. Every business house and business man has an interest in the Festival and the expense is so prorated that a heavy burden will not fall on anyone. A committee of 32

headed by Joseph M. Connors, has charge of the financing.

EVANSVILLE VOTERS GATHER FOR TALKS

Evansville.—A citizenship meeting was held at library hall in Evansville Tuesday afternoon. Both men and women being in attendance. A. E. Garey, Edgerton, spoke briefly of his candidacy for state senator, and of the issues of the campaign. Mrs. Walter Holms, Janesville, outlined the features of the ballots as presented at the primaries and Mrs. O. D. Bates

the attitude of the League of Women Voters on the questions at stake. Rev. Mr. Stephens, Evansville, presided and Mrs. Togo gave a vocal solo. Arrangements were made for distributing literature to the voters and getting them out to the primaries.

# MORGAN-GANFIELD MEETING TOMORROW

The republican conference for the purpose of forming a county organization will be held at the court-house at 3 p. m. Thursday. There will be a report given by the committee on

organization consisting of O. A. Oestreich, W. Winch and Misses Arthur Harris and George Jacobs. Plans will also be made for securing chairmen in the different communities and townships for work in distributing literature and getting out the vote. Everyone in Rock county, both men and women, interested in the Morgan and Ganfield campaign, is invited to attend.

# Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U. S. Passenger Car Tires went into effect—Royal Cords included.

These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world.

Remember, too—as you read the following table—that U. S. quality has been positively maintained.

| SIZES      | Royal Cord | FABRIC Nobby | Chain   | Ucco   | Plain  |
|------------|------------|--------------|---------|--------|--------|
| 30 x 3 1/2 | CL         | \$12.55      | \$11.40 | \$9.75 | \$9.25 |
| 30 x 3 1/2 | SS         | 14.65        | 13.00   | 10.65  |        |
| 31 x 4     |            | 23.00        | 21.35   | 18.65  |        |
| 30 x 3 1/2 | SS         | 14.65        |         |        |        |
| 31 x 4     |            | 22.95        |         |        |        |
| 31 x 4     |            | 26.45        |         |        |        |

## IN THE CAMPAIGN

Closer bond of sympathy between farm and industrial workers, plea of Blaine at Campbellsport.

Tax commission not governor, recovering taxes due state, said Riley Young, ex-Durand, Mr. Young asked Blaine to explain his stand on nonpartisan league and socialist platforms.

Next constitutional amendment should be either child labor amendment or one granting congress increased power to deal with child labor, said Garfield at Rockburg.

Morgan demands Blaine explain stand on socialism, which would do away with bill of rights which guarantees freedom of worship and right to own property.

Frank Mackert withdrew his name from five-cornered contest in fourth Wisconsin district for congressional nomination.

## JEFFERSON

Jefferson—Wagon Company No. 114, arrived at his home station, at about five o'clock Monday afternoon after having completed an eventful and successful encampment. They had the highest average of the entire encampment of the range and also the highest number of points of any company in the provisional infantry regiment in the field meet. They won every scheduled baseball game in the regiment, losing only to the strong Janesville Tank Co. team.

The opening of the Jefferson Musical Chautauque drew splendid audience. The entertainments are of the highest quality especially the fine accordion solo of Signor Bellino, and the great Pianola and band.

During the chautauque runs to Friday, the entertainments being both in the afternoon and evening.

The following is Wednesday's program: The Lombards—Musical and dramatic. The chautauque runs to Friday, the entertainments being both in the afternoon and evening.

## ORFORDVILLE

Orfordville—There was no service at the Lutheran church Sunday, the pastor and many of the congregation being in attendance at the dedication services of the Lutheran church at Beloit. Several from the village went to Beloit Monday to hear William Jennings Bryan at the Chautauque.

A delegation from Orfordville went to Janesville Saturday evening, to hear Senator L. Pollette. Mrs. W. F. Caves and son, Warren, motored to Rockford on Saturday and spent the day with friends there. Mr. and Mrs. Oscar Miller and son, Lima, were Sunday visitors at the home of Mrs. Miller's parents, Mr. and Mrs. James Mow. Mr. and Mrs. Otis Coodi motored to Plattville and Des Moines the latter part of the week.

During the coming year the village will be permanently improved with a large bath house and other buildings.

John Dromey, an inmate of the county house, was buried on Sunday. He formerly lived in East Troy.

The Elkhorn fair will be open Labor day, and a big program has been arranged.

The Rev. E. S. Bell, pastor of the Plymouth Congregational church, Madison, is visiting his brother in Elkhorn for a few days.

Frank Holton, president; Ralph Thomas, secretary, and Charles A. Jahr are the Elkhorn representatives at the district meeting of the Kiwanis in Green Bay.

There is an old and prolific pear tree at the R. J. Lacy home in East Troy, and each year Mrs. Lacy sells the pears and devotes the proceeds to some charitable purpose. This year the money will be used to help defray the expenses of the community Christmas tree and some \$15 has been realized.

Thursday night a radio program broadcasted from W. C. A. Y. station, Milwaukee, will be given by Earl Butler and a saxophone quintet through the courtesy of the Elkhorn band. The program is as follows:

"Stealing," Sullivan, played by Sixophone quintet; "Happy Be the Drums," Doc Williams, William Kellie, saxophone solo; "When Francis Dances With Me," Violinsky, quintet; "Xoo-Hoo," Johnson, Earl Butler; "Egyptian Love Song," Herbert, quintet; "Shepherd's Dream," Taylor, quintet; "Cottolchut," "My Isle of Golden Dreams," Blaufus, Earl Butler; and "Wabash Blues," Meiniken, quintet.

## The Women of Poise

Once a lady is so to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, civilized life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Poise is a quality which is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Dr. E. J. Parke's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

## Alkali in Soap

Bad For the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulishid coconut oil shampoo which is pure and graceful, and is better than anything else you can use.

Two or three teaspoonfuls of Mulishid in a cup of glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses off easily, leaving every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulishid coconut oil shampoo at any pharmacy. It's very cheap and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulishid.

## Help the Kidneys

Fight That Cold

Colds and grip cause thousands of cases of kidney trouble. In any germ disease the system becomes filled with poisons which the kidneys must filter off. All too often this extra burden weakens the kidneys. Then you have constant backache, headaches and dizziness; you lack ambition, feel dull, nervous and depressed. Don't ignore these warning signs. Help the kidneys with Doan's Kidney Pills. Home folks recommend Doan's. Ask your neighbor.

A Janesville Case: Reuben Eickel, car inspector, 202 Race St., says: "My kidneys caused a lot of annoyance. The secretions passed too frequently with a burning sensation. My back ached so I could hardly turn in bed. When I took cold, I was always worse and my head would whirl with dizziness. I got Doan's Kidney Pills at Sherer's Drug Store and after using them, I feel like a different man."

# PLAN BOOSTER RUN TO BADGER FAIR

100-Car Party Planned for Trip to Milwaukee With Band, Aug. 29.

Tuesday, August 29, will be Janesville day at the Wisconsin state fair at Milwaukee.

Arrangements are under way for a 100-car booster run from Janesville to start early in the morning, arriving in Milwaukee about 9:30. The Bower City band will play at the fair that day and will make the trip with the party.

The plan is to use this party as a booster tour for Janesville's Harvest Festival, Sept. 22-23, short stops to be made in towns along the road for the band to give a few numbers and others to hand out bills.

In Milwaukee, the cars will be met at the city limits by the motorcycle police and members of the Milwaukee Association of Commerce who will conduct the visitors down town and back out to the fair. At the fair grounds arrangements will be made for one of the dining halls to take care of the Janesville people for dinner and supper.

Through an arrangement with the fair officials whereby each Ford dealer in the state has a certain parking space reserved for him, the Janesville party will be able to get the best possible parking place. Time and place of start will be announced later.

Two cars, each with two mechanics, will accompany the party to give assistance on the road to anyone in trouble.

## NOTICE TO THE PUBLIC.

## 6 Esser Brothers Honored at Meet

More than 15,000 people attended the national convention of the Esser in St. Paul last week, according to George Esser, who recently returned to Janesville. Mr. Esser attended a banquet and reception given for the Esser brothers by the state officials in Milwaukee, Tuesday evening, at which nearly 6,000 people were in attendance.

The Esser delegation at St. Paul consisted of Mr. and Mrs. Esser and his five brothers from Madison. They were honored in a huge parade in which they marched six abreast, both headed and followed by a band. They will be awarded a special prize. The combined weight of the brothers amounted to 1,524 pounds.

C. H. Chynoweth, San Francisco, was elected grand worthy president at the St. Paul meet. Other officers named are H. W. Ragland, Cincinnati, grand worthy vice president; A. W. Roddick, Washington, grand worthy chancellor; J. H. Dowling, Dayton, Ohio, grand treasurer; and J. P. Perry, Kansas City, grand secretary. Denver was selected for next year's convention.

Included in the business transaction was a resolution passed favoring the passage of the old age pension bill and recommending that all series assist in the passage of such legislation. Wisconsin was one of the first states to adopt such a resolution.

## Penney Co. Store Opening, Success

J. C. Penney and Co. store, No. 334, the latest addition to the business section of Janesville, located in the building on South Main street, formerly occupied by J. R. Nichols, had its grand opening Tuesday. A new store front for display purposes, interior decoration and new fixtures make the store attractive.

The manager is W. B. Bailey, who came here from Rockford. He was formerly assistant manager of the Penney store at Ardmore, Okla., and has been a member of the Penney "family" for 10 years. The store is now employing 10 clerks.

The complete line of women's and children's wear is carried as well as dry goods, men's furnishings, and men's, women's and children's shoes. The policy of the Penney company is that of store is no sales, and all business on a cash basis.

The story of the growth of the Penney chain, is to this time of business what Woodbury was to notions. Penney started with one store in 1902 and 20 years later has 271. Janesville and Appleton are the two cities in Wisconsin affected through the recent expansion program started.

## REDECORATE MYERS.

The brilliance of the Myers hotel is to be dulled. Painters are now at work covering the bright yellow trimmings of the windows with a gray which will give a more satisfactory appearance, Peter Myers expects.

## Truck Rams Pole on Delavan Road

Losing control of a truck which he was driving Wednesday morning, Theodore Davey, an employee of the Colvin Baking Co., smashed into a telephone pole on the Emerald road as he was returning to Janesville. He was not injured. The car was badly damaged and had to be towed into the city.

## Battle Forest Fires in North

St. Paul. Fifteen additional forest fires were reported burning in northern and central Minnesota Wednesday, according to W. T. Cox, state forester. The fires are all small and are being held in check by fire fighting crews. The most serious of the fires reported are in the vicinity of Brainerd, Coquet, Red Lake and in the Floodwood district near Hibbing.

## MANY FROM COUNTY TO MONROE FAIR

Automobile traffic on roads between Janesville and Monroe was heavy on Wednesday with the opening of the Green county day and night fair which continues until Saturday night. Following only a week behind Janesville is beneficial to the fair at Monroe. The program of races and the agricultural exhibits will attract many Janesville and Rock county people.

## NEW MANAGER AT McLELLAND STORE

The new manager for the McLeelland Novelty store, the West Milwaukee store, Harry Steinger, has arrived to succeed John Chambers, manager for two and a half years. Mr. Steinger came here from Janesville. The Chambers will leave in a few days for Hollywood, Calif., to make their home.

## INTEREST IS SHOWN IN KITE TOURNAMENT

Interest in the kite tournament to be held at the fair grounds, Friday, is growing. This is the last of the special Friday which have featured this playground season, and every effort is being put forth to make it the most successful. The Parent-Teachers' associations of the various schools, working together, will serve free to all the children. Prizes are to be awarded in the kite tournament, after which a dodge ball contest will be held. All points in both affairs count toward the playground championship.

## ATKINSON TAKES "Y" POST IN NEBRASKA

Charles Atkinson, for the past two years a resident of Janesville, and who was at one time connected with the Janesville Y. M. C. A., has resigned as district manager of the Equitable Life Insurance company. Mr. Atkinson, with his wife and daughter, Betty, will leave on Monday, Aug. 14, for Omaha to Fremont, Neb., where Mr. Atkinson will become general secretary of the Y. M. C. A. This is the work in which he formerly engaged at Clinton, Ill., when he had a bad accident broke his arm and was otherwise injured.

"The Valley Incomparable" is one name for Yosemite park. The sheer immensity of the cliffs will startle you and please you. The Yosemite falls drop 1,430 feet. Nowhere else is there such a water spectacle as this. Information on Yosemite furnished free by the Gazette travel bureau.

# JANESVILLE MAN BACK FROM FRANCE

Alonzo Pond Returns from Year's Study in Paris—Tours Europe.

An experience in traveling about the countries of Europe that comes to only a few has been had by Alonzo Pond, son of Mr. and Mrs. W. S. Pond, Florida, former Janesville residents, and a nephew of Misses Ada and Etta Pond, 17 South East street. Mr. Pond has recently returned to this city for a visit with his aunts after spending almost 14 months in Europe.

Given a scholarship in the Ecole D'Anthropologie, Paris, in June, 1921, he left the United States on the 18 of that month, working his way over on the S. S. Findlay as a common seaman. He went to Paris, where he started work in the Ecole together with three other students from this country who had received scholarship—one from Boston, another from Michigan, and the other from New York. The work was in the department of anthropology—"the science of the history of man"—and was devoted to the summer classes in Paris.

In the course of his work, Mr. Pond was taken to Southern France, where many caves were visited, containing interesting relics of the past. The work at Paris consisted mostly of lecture work. As the course ended at the close of the summer, Mr. Pond was free to come home. He remained in Paris from November to April doing lecture work in the regular school, under Dr. Henri Martin, one of the outstanding figures in archeology and anthropology. However, he was able to see the two Neanderthal men.

During the winter Mr. Pond, in order to make a living, worked three or four hours a day driving an automobile. He also did some work in this way that he made his trip to the battlefield, told of in the Gazette. While studying, Pond and another young man lived in the Latin quarter of Paris. It was in one of the most famous in all the world, and is the original place of "la vie boheme," which is seen to a less extent in Greenwich village, New York. Here they met and enjoyed the company of many artists making up the colony.

On Saturdays and Sundays, Pond said, good old fashioned American dinners were enjoyed to which many times the artists were invited. They were enthusiastic about the meals, and the French food, though, is not as indigestible and unpalatable as it is made out to be, Pond said.

Finishing his work at the school in April, Pond and others set out for a tour through Europe. First they went to Belgium, visiting Antwerp and Brussels, and then on to Berlin, where they spent ten days. Pond's opinion of the Germans is contrary to the favorable one held by other people who have actually been there and been in touch with them. See Passion Play.

From Berlin they took a devious route to Oberammergau, where the Passion Play is held twice. It was just up to his expectations, he said, and was worth a trip across Europe just to see the colors of the costumes alone. Acting also was unusual, especially in the characters of Jesus and the two priests. Anton Lang as the Christus was somewhat of a disappointment, as far as acting was concerned.

After staying in this valley for two weeks, the three tourists went on to Italy, visiting Venice, Florence, Bologna, Rome, Pisa, Genoa, then back to Marseille, where Pond stopped to see his aunt. However, he was forced to return to Paris and then go to Dunkirk, where he secured a job on the steamer, "Pipetone County," landing in New York shortly before he returned to this city.

Mr. Pond hopes to get into museum work soon, but at present has no immediate plans.

# PLEA IS MADE FOR PRESERVING WOODS

Conservation of Trees in Pelican Lake District Sought by Poster Scheme.

So many tourists and campers are thoughtlessly destroying Wisconsin's beautiful trees, especially birches and evergreens, that lovers of nature live are taking steps to stop the practice, according to word received from Herbert Hornefer, Janesville man, who has a cottage on that lake. He is placing signs along the shore to guard against the destruction of trees.

The advice given in these posters may be said to be applicable to Rock county as well as the Northern Wisconsin.

Following is the request contained on the cards:

"Do not strip bark from birch trees. To do so shortens the life of the tree and in most cases the tree dies the following year.

"Be sure to remember as you walk through the woods on beautiful paths, that most of the beauty is in the wonderful trees surrounding them.

"The property over which you may roam to your heart's content is glad to have you—is owned by someone who has spent money and time to preserve and help the trees, which you see, to become big and healthy. Therefore do not destroy them.

"Pines and balsams are becoming scarcer each year. Do not strip them of their needles. To do so will kill the trees.

"Guard against fires. One

careless person may destroy hundreds of trees unknowingly.

"Put out all camp fires and be careful when throwing away the stub of a cigar or cigarette, or when emptying a pipe. In a dry spell a forest fire starts readily and may do thousands of dollars' worth of damage. The trees thus destroyed can never be replaced.

"Parents, please instruct your boys and girls along these lines. In years to come they too will become 'Exponents of Conservation' of the beautiful things nature has provided for us.

"Be careful! Do not destroy. Signed by all who believe in the natural beauty of Old Wisconsin."

## An Editorial -By Congress

We've said it often, but perhaps never so well. Here's our perfect conception of modern storekeeping, as set forth in the report of the Congressional Committee on our country's economic processes:

"The retailer's true function is that of serving as purchasing agent for his community. When the retailer enters business he assumes the responsibility of performing a public function, that of providing commodities and services to his community, economically and conveniently, and maintaining such environment as is necessary and desirable to the consumers who support him."

Year after year, millions of fish are dumped into the river, but they starve. Simply to feed the river in Illinois and the Mississippi. I understand there is a state law that requires the owners of dams to put in a fish trap, but I am not sure. I think the electric company should put them in as long as they are going to repair the dams, law or no law.
